Birmingham International Summer School (BISS)

Programme Dates: 15 July - 2 August 2019
Location: University of Birmingham, Birmingham, UK

The Birmingham International Summer School offers you the chance to study an exciting three-week exciting in the Heart of England at one of the most beautiful campuses in the UK, while having the opportunity to gain a valuable insight into the fascinating culture and heritage of Britain.

Programmes on offer include:

- **Biomedical Sciences: from Laboratory Bench to Hospital Bedside**
  This programme gives students the opportunity to acquire knowledge and work with evidence concerning biological sciences, the human body, disease, treatment and patient interaction.

- **British Cultural Heritage**
  You will be exploring the best of British culture through on-campus study and trips to famous British cultural landmarks including Shakespeare’s birthplace in Stratford-upon-Avon, the cradle of the industrial revolution at the World Heritage Site of Ironbridge and many others.

- **Film & Media**
  This programme provides an introduction to studying and experiencing film and media culture in the UK. Seminars, lectures and workshops will combine with field trips and external activities to offer a comprehensive picture of the disciplines and their place in modern society.

- **Global Environmental Issues**
  This programme will consider current global environmental issues, particularly focussing on air, water and soil pollution, and strategies for emissions reduction and/or remediation of polluted sites. A unique interdisciplinary approach will be taken, including laboratory and field-scale techniques and tools.

- **Mathematical Finance and Financial Time Series Analysis**
  This programme is ideal for students who are interested in the fascinating study of financial engineering, which is a highly specialised and rapidly growing area.

- **Theory and Practice of Global Politics**
  This programme introduces students to different theoretical traditions in the study of global politics and also interrogates particular examples of contested issues.

Each programme offers 20 UK credits, 5 US credits or 10 ECTS credits.

Programme Fees: £2,500
Fees include:
- Tuition and accommodation
- Day trips and some evening and weekend activities
