HEALTH INFORMATION	
Health Insurance	Leeds has no compulsory health insurance policy. Private insurance is, however, recommended if students will be studying for less than 6 months.
National Health Service (NHS)	The NHS is publicly funded and includes services provided by family doctors (general practitioners); specialists; hospitals; dentists; the ambulance service and opticians. Some NHS services are free to everyone, some are subsidised and there are some services for which you will have to pay the full cost. If you are going to do a course which lasts more than six months, the treatment for you under the NHS will be free or will be subsidised. If you are in the UK to do a course which lasts less than six months you need to obtain medical insurance for yourself unless your home country has a reciprocal health agreement with the UK. We recommend this is done before coming to the UK. The Welfare Services Office has a list of these countries. If you have not done so you should contact an

	<p>insurance broker - you will find a list in the Yellow Pages Telephone Directory, after arrival.</p> <p>The following NHS treatments are free to everyone:</p> <ul style="list-style-type: none"> • Treatment in accident and emergency departments (but not once patients are admitted to hospital, unless you are in a coma lasting longer than 6 months). • Diagnosis and treatment of some communicable diseases. • Compulsory psychiatric treatment. • Contraceptive Services. • Midwifery, district nursing and health visitor services. • Treatment for HIV/AIDS and other sexually transmitted diseases <p>For more information please visit the Leeds University Health and Welfare Services site http://www.wellbeing.leeds.ac.uk/ or read this UKCISA information sheet: http://www.ukcisa.org.uk/International-Students/Study-work--more/Health-and-healthcare/</p>
