World-class education

Our teaching and research is world-class but don't just take our word for it...

- 25th in the world for Humanities
- Leiden Global Rankings - #78 (March 2015)
- QS - #120

“One of Britain's academic success stories, forging a reputation to rival Oxford and Cambridge”

The Sunday Times

The city

World-famous historic city:

- Founded by the Romans, developed by the Vikings, expanded as a medieval walled city.
- 7.1 million visitors a year

But thoroughly modern too:

- Festivals and events throughout the year
- Shops, galleries, clubs, cafes, museums, music and sport

Testimonials

Excellent. I felt welcomed and comfortable from the first day

I think York is the best place in the UK: it's beautiful and historical and the people are really friendly.

It is a new way for us to share our opinion. We learn to lead a discussion and share opinion in a more interactive way instead of a single way presentation

Testimonials

People here are friendly, optimistic and interesting. The university is beautiful and well-constructed. Teachers here are helpful and passionate. I love this university and I love York.

The teachers and lessons are really great. It's nice to have the opportunities to communicate with people around the world.

Everyone in the university are very considerate. It gives us a intercultural experience and teach us a lot of academic skills as well.
